## **Manufacturer's Certification Statement for Tax Credit**

### **Camelot Entry Door System**

This Manufacturer's Certification Statement is for qualifying door products purchased and installed on or after January 1, 2010 through December 31, 2010 that may qualify for federal income tax credit as allowed by Internal Revenue Code, Section 25C and the American Recovery and Reinvestment Act of 2009. Most Camelot Entry door styles qualify. Please see the attached list of qualified door styles/products.

It is recommended that the Homeowner retain the Manufacturer's Certification Statement and purchase receipt for your records. Taxpayer is not required to attach the certification statement to their return, however, as in all tax matters; the taxpayer is advised to consult their tax professional.

Northeast Building Products certifies that all Camelot Entry Door models listed in this statement are eligible building envelope components under the American Recovery and Reinvestment Act of 2009.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
